FOR INSTALLATION ART

‘Our View From Here’

Washington artist Linn Meyers is creating “Our View From Here,” a 360-degree, site-specific drawing — measuring more than 400 linear feet — on the walls of one of the Hirshhorn’s circular second-floor galleries. Hand-drawn using a type of marker often used by graffiti artists, the piece will be painted over when the exhibition ends. *May 12 through May 14, 2017. Hirshhorn Museum, 700 Independence Ave. SW. 202-633-1000. hirshhorn.si.edu.*
